

PROJECT ANECDOTAL

Greetings and Welcome to the Oil Test!

My name is Kyle Marsh, and I am the director of a small film called "Vitamin Cannabis" that documented my success using Cannabis Oil to treat various diseases. Due to the illegality of Cannabis, my film was originally released as a fiction piece, but I am proud to announce to you — due to recent law changes — I can now declare my film was a total work of non-fiction and all experiments featured in the movie were real. Success in those tests, and massive subsequent tests, have resulted in hundreds of "anecdotal" cure stories. You are filling out this questionnaire because you are a brave soul who has consumed more than 10 grams of a substance called "Phoenix Tears", "Cannabis Oil", or "Kaneh Bosm" (80% THC or greater extracted marijuana flower oil) or you are a representative of a loved one who has. I hope your endeavor was a total success, but we are attempting to document all stories to determine a "ratio" of success for the oil on all the different forms disease takes. There may be a "terpenoid key" that activates the oil for certain cancers, or the ratio of THC to CBD may be different for certain cancers or diseases to be affected by the oil. I have made every effort to ensure that this information will be available to all who need it. By filling out this questionnaire as accurately as possible, you will serve to help others in your position to make difficult choices regarding care.

Thank you for your information contribution to this project, as the data will lead to answers for those in need. If you should have any questions about this survey or anything else you'd like to add, please feel free to contact us at projectanecdotal@gmail.com or leave your thoughts in the areas where comments are optional. Please know we will leave your contribution as anonymous, and assign you a patient designation, but we will put your contact information into the database so that others may contact you if you request us to do so. We do not require your contact info, but some patients have a sincere desire to share their stories, so we are including that option. Please do include your e-mail for our newsletter so we can keep you updated on our collective progress.

I sincerely thank you again for your contribution to ProjectAnecdotal.

Kyle Marsh

Required fields are in red.

1. Name: (Realm, Pseudonym, or alter ego you wish to be called for the purposes of this project. Can be anonymous if you wish – your name will not be included – we will assign you a patient # in the database separate from this)	
2. Sex:	Male <input type="checkbox"/> Female <input type="checkbox"/> Other/Prefer Not to Answer <input type="checkbox"/>

3. Age:	
4. Date of birth:	
5. Disease Diagnosis (Please be as specific as possible):	
6. Date diagnosed (month and year):	
7. Traditional therapies tried:	
8. How did you hear about Cannabis Oil?	
9. What most influenced your decision to try the oil?	
10. How did you first try the oil? (oral, suppository, transdermal patch, pill capsules)	
11. What was your first dose like? (other people memories will serve here if you don't remember)	
12. Did you have prior cannabis experience? (prior smoking, ingestions, or vaporization)	
13. How many grams have you taken total?	
14. How quickly did you increase your dose taken per day?	
15. Are you continuing on the oil now?	

16. Did you get a diagnosis of remission or disease/ symptom disappearance?
17. Do you have medical paperwork documenting this remission or disappearance?
18. How did you feel while on the cannabis oil?
19. Did you see a "normalization" of other body levels during your cannabis oil time? (i.e. White & Red blood cell counts, testosterone levels for men, blood pressure or cholesterol levels, etc...)
20. Did you try any other alternative therapies during your oil ingestions timeframe?
21. Do you still use any alternative therapies currently?
22. Did you specifically and intentionally change your diet when diagnosed with your disease? (If so, please elaborate)
23. Did your diet change at all during your cannabis oil ingestion timeframe? (Either due to the oil or due to alternative factors)
24. Has your diet remained the same since ingesting the large amount of cannabis?
25. Did you experience being "groggy" or in a "haze" during your timeframe on cannabis oil?

26. Are there any other side effects you can remember from being on the oil??
27. Would you recommend cannabis oil as a treatment or supplement for others in your position with your disease?
28. Have you publicized your testimony? (please included any links to videos or articles)
29. Do you feel this medicine should be available at a pharmacy, a grocery store, or a specific cannabis medicine shop?
30. Is there a Team, caregiver, or marijuana center you'd like to credit with your results?
31. Did you dream while on the oil; if so do you remember?
32. What was the most negative thing you have to say regarding the cannabis oil?
33. Please include any other comments regarding anything else you may want to bring up in relation to your experience with cannabis oil.
34. May we have your e-mail address for our personal records to contact you with a follow up survey in six months to a year?
Yes <input type="checkbox"/> No <input type="checkbox"/>
35. Can we add your e-mail to our project anecdotal/vitamin cannabis newsletter?

Yes <input type="checkbox"/> No <input type="checkbox"/>
36. Do you wish to provide an e-mail address in your listing on the website for others to contact you? (Note: this is not necessary but some patients are "public" and do have websites/contact information of their own and we would like to help promote their stories/sites as well.)
37. Would you recommend cannabis oil consumption to others regardless of disease?

Thank you so much for your time! You can e-mail this to us, call us and we will pick it up (in Colorado) or we can even help take down the info over the phone if you have any problems and would rather dictate your answers to the ProjectAnecdotal team. I cannot thank you enough for your bravery in taking the oil, and your dedication in filling out these questions. The information we gain will benefit everyone, and will not be kept secret or patented. If the cannabis oil works-which early indications are it does- this information should be available to all- and the ProjectAnecdotal team is here to make sure we all have an option when it comes to treating ourselves and our loved ones.

If you have any questions, comments, information or advice for me, please don't hesitate to call me personally at 303-419-8541. This is my personal cell number and I will get back to you as soon as possible if I'm unavailable. We also have volunteers in various areas that can assist you should you have several over 10 grams ingested patients you need to document. We are in the process of becoming an official registered non-profit corporation in Colorado- and can accept tax deductible donations.

Once again thank you for your time! Please check yes on the box to accept our newsletter and we will keep you updated on the progress we are making.

Positive thoughts your way!

Kyle Marsh
